

SECOND INTERNATIONAL ATTEMPTS TO BREAK UP
COMMUNIST MOVEMENT AND COMMUNIST RESPONSE

CEAUSESCU ATTACKS INTERNATIONALISM

March 31 (IPS)--An Agence France Press dispatch yesterday reported that Rumanian leader Nicolae Ceausescu gave a speech attacking "those who denounce nationalism as anti-communism and deny the historical role of the nation in social development." "Marxism-Leninism," said Ceausescu, is not an historical doctrine, but "a theory which is further developed by a state." Ceausescu's statement, made in an address to the Rumanian Communist Party Political Academy, comes as a direct factional response to recent polemics from the pro-Soviet Czechoslovak and Hungarian Communist Parties, in particular, attacking nationalism as an ideological weapon of the international bourgeoisie, against communism and the Soviet Union.

HUNGARIAN WRITER ATTACKS NATIONALISM

March 31 (IPS)--Writing in the March 29 issue of the Soviet government paper Izvestia, Hungarian writer Imre Patko said that imperialism, acting through press and radio outlets, is trying to subvert the alliance between the Soviet Union and Eastern European countries.

NATO SECRETARY GENERAL LUNS JOINS SECOND INTERNATIONAL

April 1 (IPS)--Nato Secretary General Luns is upset at the trouble the Portuguese Communist Party (PCP) has been causing for the Italian Communist Party (PCI), according to the Christian Science Monitor's correspondent in the Nato headquarters of Brussels. The Monitor's correspondent authoritatively reports today that "Mr. Luns and other diplomats obviously feel that the Portuguese communists, by their pressure tactics, have "compromised the historical compromise" in Italy, under which Italian communists have been trying to persuade the Christian Democratic Party to allow them to enter a new coalition government."

RADIO PRAGUE DENOUNCES REVANCHISM

April 1 (IPS)--Radio Prague today said that West German Foreign Minister Genscher, by his remarks on Berlin and European borders, made in an interview with West German press, represents "revanchist forces, which are creating obstacles to detente and reviving the imperialist war cry: 'Push to the East'!" Radio Prague compared this revanchist campaign to Nazi crimes before and during World War II. The commentary emphasised that this attitude does not represent the opinion of the population of West Germany.

PCI AGENTS MEET WITH PORTUGUESE ANTI-COMMUNISTS

April 2 (IPS)--Today's daily Le Monde reports that a delegation of Italian Communist Party (PCI) members organized by the party daily L'Unita have been in Portugal and were "warmly received" by the Second International's Portuguese Socialist Party (PSP).

BRANDT BREAKS DOWN

BONN, April 3 (IPS)--Second International agent Willy Brandt broke down yesterday under the tremendous psychological and political pressure exerted by the ICLC campaign to expose his deliberate complicity with Rockefeller triage and his role as co-conspirator against the Portuguese Communist Party and the Latin American Labor Committees.

Just returned to the West German capital from Venezuela, Brandt was asked at a press conference by IPS to comment on his anti-communist ravings against the "Russian bacillus" in Mexico City. Brandt turned beet red and raged: "I have to interrupt your question. I didn't say that. With the permission of the chairman, I must say that I am not ready to answer to such mind-boggling things. Why don't you day here what your friends in the USA say about me? That I'm involved in a kidnapping in Mexico? That I lead the Rockefeller-controlled Second International? I will never answer to these mind-boggling questions, even if this is the national press conference."

RUMANIA CALLS FOR DISSOLUTION OF NATO, WARSAW PACT

Similar press conferences were held in Rome, Paris, Stockholm, Copenhagen and Frankfurt and main today and yesterday.

SECOND INTERNATIONAL MANUFACTURES HOT SPOTS FOR NATO STRENGHTENING

ROME, April 4 (IPS)--Avanti, daily newspaper of the Italian Socialist Party (PSI), today aided in the manufacturing of hot spots slated for Nato intervention by reporting that the Greek military was maneuvering around Turkey. This attempt to heighten the tensions between the Greeks and the Turks was emphasized by reports that the Greek government had ordered its air force to

shoot Turkish planes which pass over Greece.

PCI BOLSTERS TITO'S ATTACK ON MOSCOW

April 4 (IPS)--Unita, the organ of the Italian Communist Party (PCI), reports today that the President of Yugoslavia's Marshall Tito made a polemical speech on the contribution of the Partisan forces to the war against the fascists (World War II), criticizing those who "underestimate" the Yugoslav Partisan Army which "liberated the country all alone." Tito's remarks follow a recent article by the Yugoslav government press agency Tanjug attacking Soviet Marshall and Warsaw Pact Commander Jakubovsky for giving all credit for liberating Europe to the Red Army, notes Unita.

CPGB SUPPORTS RENAULT WORKERS

April 4 (IPS)--Today's L'Humanite, newspaper of the Communist Party of France, reports that British auto workers have sent a telegram of support to striking French Renault workers, currently under government attack.

According to L'Humanite, these British workers, members of the Communist Party of Great Britain have declared that they are ready to organize the broadest support and respond to any call for European solidarity.

The telegram was signed by the communist sections of Luton and Dunstable autoplants.

HISTORICAL COMPROMISE CONSUMATED IN GENOA

April 4 (IPS)--The regional federations of the Italian Communist Parties (PCI) and the Socialist Party (PSI) formally joined hands in Genoa yesterday as the local administration voted in support of a PCI-PSI coalition that will head the city administering to manage the colossal municipal debt of this depressed area.

DIE WELT: ELC DESTABILIZES BRANDT

WIESBADEN, April 4 (IPS)--Die Welt, the right wing West German daily, today tried to defend SPD Chairman Willy Brandt from European Labor Committee denunciations of him as a Nuremberg criminal. Die Welt, which blacked out all references to either Brandt's role in the Mexico kidnapping of IALC leaders or Brandt's role in the CIA destabilization of Mexico and Portugal, stated, "Brandt spoke of inscilent insinuations and spun assertions, because he was connected by the group (ELC) to the fascist gang that works with the CIA against the international workers' movement."

INDIAN LEFT WING NEWSPAPER EXPOSES DESTABILIZATION

April 4 (IPS)--The March 24 issue of the Patriot, the major left wing daily that circulates nationally throughout India, issued an editorial statement, pinpointing the collapse of U.S. foreign policy worldwide and the resulting CIA worldwide strategy of destabilization.

"Destabilization is the key word in the U.S. strategy today

particularly for this part of the world. With the U.S. puppets losing ground every day in Vietnam and Cambodia, with the Third World unequivocally condemning U.S. policy in Havana, there is little scope for the intrusion of Washington's agents in a country like ours except through destabilization. The CIA, even with its pants down, has not tried to hide the fact of having indulged in such exercises--even to the point of political assassinations in other countries. The pattern emerging in India today provides the contours for such a destabilization effort."

RUMANIAN LEADER ORGANIZES AGAINST COMMUNISM

April 5 (IPS)--The renegade Soviet bloc country of Rumania is rapidly effecting its complete withdrawal from the world communist movement. Rumania has just been granted "most favored nation" trade status with the United States, in exchange for certain unspecified concessions on Jewish emigration, the West German Frankfurter Allgemeine Zeitung reported yesterday. Rumanian President Nicolae Ceausescu, during his current visit to Japan, was reported by yesterday's Radio Bucharest to have re-issued his call for the creation of a "new world economic order."

DESTABILIZING AUSTRIA'S KREISKY

WIESBADEN, WEST GERMANY, April 6 (IPS)--In an indication of growing Rockefeller destabilization operations in Western Europe, Die Welt charged today that the Second International Chancellor of Austria Bruno Kreisky, had prior knowledge of the scheduled outbreak of hostilities in the 1973 Arab-Israeli war, but did not inform the Israeli government. Die Welt reports that Kreisky admitted to Golda Meir at the Second International meeting in March 1974, that his "old friend" Egyptian Foreign Minister Fahmi, told him that the "war was imminent" on Friday; the war broke out the following day. The chancellor refused to explain why he had not informed the Israeli government, although, Die Welt notes, both Kreisky and Meir are Jewish and members of the Second International.

TITO ATTACKS SOVIETS

April 6 (IPS)--Yugoslav President Tito has strongly attacked an article written by the Soviet Commander-in-chief of the Warsaw Pact Ivan Yakubovesky, according to several Western European newspapers. With a shrillness deriving from the internal weakness of Yugoslavia and the Yugoslav leadership's paranoia about Soviet domination, Tito charged Yakubovsky with minimizing the contribution of the Yugoslav Partisan movement in defeating fascism.

It is Tito's fearful retreat from fighting for an international perspective in the communist movement which may lead to his alliance with class traitors and CIA agents in the communist and socialist parties to sabotage the upcoming Berlin Conference of European Communist and Workers parties. Tito has been under intense pressure from Second International agents of the ex-Italian Communist Party (PCI) to help form an anti-Soviet faction to split the East

bloc.

SPD'S VOERWAERTS DEFENDS NAZIS, ATTACKS COMMUNISTS

WIESBADEN, WEST GERMANY, April 6 (IPS)--Attempting to defend Rockefeller interests against the encroachments of expanded East-West trade, Voerwaerts, weekly organ of the CIA-Second International's West German Social Democratic Party, launched a slanderous attack against the Soviet bloc in a lead article in yesterday's issue.

REICHSFUEHRER BRANDT ISSUES DECREE FROM BONN

April 7 (IPS)--Members of the United States Labor Party (USLP) and International Press Service (IPS) were barred from the German Information Center here today. Officials informed them that the facilities were no longer open to IPS correspondents and USLP members.

Contacted in Washington, D.C., West German press attache Johannes Haasheye confirmed to IPS that the decision to exclude representatives from this organization came directly from ex-Chancellor Willy Brandt himself.

Since Brandt is not presently a member of the German government, the fact that his orders are carried out in the United States by embassy and information service officials confirm that Brandt is acting strictly as an agent of the American Occupation troops in the German Federal Republic, the real government in West Germany today.

FINNISH TRADE LEGISLATION PREFERENTIAL TO EAST-WEST TRADE FREAKS OUT PALME

April 7 (IPS)--The Finnish parliament recently passed a bill which can be expected to increase imports from the East bloc Comecon countries, while imposing a 30 per cent deposit on all other imports entering Finland.

Unnerved by the Finns' preference for sanity in economic matters, Swedish Premier and Second International hatchet man Olaf Palme has arranged a meeting with Premier Sorsa in the desolate northern outpost of Kiruna to "discuss the questions that have created irritations between Finland and Sweden and the Social Democratic parties in the two countries." Palme will be assisted at the meeting by Swedish commanding General Synnergren, well known as the source of a barrage of wild reports concerning the "Soviet menace" in January.

HUBERT HUMPHREY UNWELCOMED IN COLOGNE

April 7 (IPS)--Veteran cold warrior Hubert Humphrey, now touring

Europe on a Nato excursion for Rockefeller, got an unexpected reception here April 4. As the Senator emerged from the university following a speech, clearly expecting a big crowd to be waiting for him, the only people awaiting him were three organizers from the European Labor Committees. As Humphrey raised his hand to wave, an ELC organizer announced: "Mr. Humphrey, the German working class knows about your CIA mission. We will not allow you to carry through your plans." Humphrey's hand dropped to close around a copy of the English language New Solidarity.

CARRILLO JOINS NATO

April 7 (IPS)--Santiago Carrillo, head of the anti-Soviet CIA faction of the Spanish Communist Party (PCE), affirmed that "if I were in power and a socialist country invaded me, I would immediately mobilize the army." While condemning the 1968 Soviet invasion of Czechoslovakia, Carrillo thus confirmed that he supports Nato and is against the Soviet bloc. "Communist" Carrillo then stated: "We want a society...where Marxism-Leninism does not constitute the philosophy of the state."

DESTABILIZATION EFFORTS IN PRO-SOVIET INDIA

April 7 (IPS)--The Frankfurter Allgemeine Zeitung today reports strong attacks launched on the Gandhi government by India's largest industrialist J.D. Tata. Tata, who last November met with David Rockefeller on the latter's secret "factfinding" trip to India, has demanded that the Gandhi government "decide on whether they want a democratic system of combined economy or communism."

Tata's declaration comes precisely at the point that the Gandhi government is strengthening ties with the Soviet Union and playing a key role in the consolidation of the Eurasian bloc for region-wide economic development.
