ZOMBIE ISSUES DEATH THREAT TO USLP IN BUFFALO

BUFFALO, June 9 (NSIPS)—The U.S. Labor Party's Buffalo office received a death threat last night from an individual identified as Dick Lincoln, an admitted FBI informant whose affidavit to that effect is on file with the Labor Party. Lincoln is a former member of the Maoist Progressive Labor Party and is presently a member of the October League, another Maoist sect.

Last night the Labor Party office in Buffalo received a collect call from Rochester from a person identified by the operator as "Robert Fisher." The call was not accepted. Shortly thereafter, the office received a second call from a person identified as "Joe Fish." As Joseph Fisch is the name of a leading Labor Party member in Rochester, this call was accepted. The following tape recorded message was then heard by Labor Party member Roger Hamm:

"I approached the Labor Party in friendship but now the world is Rockefeller. Now I am going to unleash psychotic zombies. If La Rouche (USLP presidential candidate Lyndon LaRouche) comes to Rochester he is finished. Leave Rochester—you have my warning." The message was repeated after its conclusion.

Dick Lincoln was identified as the author of the threat on the basis of circumstantial evidence which includes the tracing of the point of origin of an earlier threat to the Labor Party to Lincoln's place of employment, and more conclusively, a recent telephone conversation between Labor Party member Joe Fisch and Lincoln, during which Lincoln initially misheard Fisch's name as "Robert Fisher."

Lincoln had attempted to infiltrate the Labor Party last year but was expelled after a period of weeks as a police agent. A former member of the Progressive Labor Party, Lincoln subsequently joined the October League. Affidavits from Lincoln and others to the effect that he has functioned as an FBI informant are in the Labor Party's possession.

Charges have been pressed against Lincoln with both the Buffalo and Rochester police departments. Local offices of the FBI and the U.S. Attorney are also being fully briefed on the threat.
