

expert in "corporatist economics," the swindle by which the Mussolini regime forced labor and industry to undersign austerity after their independent institutions were destroyed. Miraculously transformed during the war into an "anti-Fascist," Fanfani's 1950s career as leader of the radical anti-industrial wing of the Christian Democracy was fostered by Clare Boothe Luce, then U.S. Ambassador to Italy.

The newly "anti-Fascist" Amintore Fanfani became a member of the Dossetti wing of the Christian Democracy, the dominant political party, which quickly emerged as the major opposition to the mainstream current led by postwar Prime Minister Alcide DeGasperi. The Dossettians postured as "Christian" ascetics, and on the basis of sacrifice offered a common front, from time to time, with the Italian Communist Party. In 1949, Pope Pius XII ordered Dossetti out of politics, and the leadership of his faction was taken over by Fanfani. It was Fanfani who in the mid-1950s became prime minister to lead the transition away from DeGasperi's pro-industrial reconstruction policies into the alliance with the Italian Socialist Party which gave birth to the first center-left coalition in 1963.

Fanfani's profile is that of a Catholic "integralist." Fanfani is closely linked to the oligarchic faction of the College of Cardinals; his major protector was the recently deceased Cardinal Benelli. He is also close to the Lefebvrist anti-Vatican movement, headed in Italy by Fanfani's protector, Princess Elvira Pallavicini. This powerful faction has never accepted the concept of the *Populorum Progressio*, Pope Paul VI's mandate that "development is the new name for peace."

Put diplomatically but incisively, French President Charles de Gaulle's evaluation of Amintore Fanfani as a British deputy holds true today. Fanfani is a member of the Sovereign Military Order of Malta, which provides ex-King Umberto of Italy with his passport. In its document titled *Who Killed Aldo Moro*, the European Labor Party in 1978 documented that Fanfani was deeply involved in a plot to return the British-backed Savoy monarchy to power.

Fanfani is also a member of the Mont Pelerin Society, the secretive oligarchist "economics" groups which conspires to impose neo-Fascist economics in the name of British liberalism. Mont Pelerin's model project is the Chile of Pinochet, now on the brink of total financial as well as economic collapse.

Two of Fanfani's other assets include his connections to the Mafia through the notorious mayor of Palermo, Vito Ciancimino, head of the Sicilian Fanfanians, and the backing of the Jesuits internationally. In the early 1970s, Fanfani worked closely with the Society of Jesus to force the Christian Democratic Party into all-out opposition against a bill authorizing civil divorce in Italy. It was a typical "integralist" attempt to force the social teachings of the Catholic Church on Italian society as a whole, and it led to a major weakening of the Christian Democratic party itself, as activists left the party in droves.

But then, Amintore Fanfani was never a party man.

## Fat Henry seems to be on the way out

by Mark Burdman

It was another rough week for Henry Kissinger—so rough that the Venetian-London oligarchy that controls him is beginning to consider its creation a liability which will soon have to be dumped.

They especially cannot tolerate that Fat Henry is showing signs of clinical paranoia. This threatens to upset many of the oligarchy's own plans at this highly sensitive moment of history.

Count Volpi di Misurata, the self-identified "Doge" of Venice, stated this week that indeed "it was possible" that Henry Kissinger's career is about to end. Publicly, the cautious Count, artful in the Venetian methods of intrigue and manipulation, would say no more. But the message was clear.

Similarly, Mrs. Elma Dangerfield, the artful London gossip who runs the influential Euro-Atlantic group, stated that "Henry Kissinger has become too expensive for us." Informed of reports that Kissinger's career is about to come crashing down, she chirped, "I'm sure, I'm sure. I've gathered that." Mrs. Dangerfield is in constant touch with London's influentials.

These influentials are trying to ride the current world depression in the direction of a fascist order, in the face of growing international obstacles. Kissinger has up to now been their up-front hit man for putting this order into effect. But Kissinger is cracking. This may jeopardize the whole operation. Kissinger cannot be tolerated.

Following the scandals in the international press earlier this month implicating Fat Henry in mafia real estate scams in the West Bank and in the murder of Aldo Moro, former Italian Prime Minister kidnapped by the Red Brigades in 1978, the pace of attacks on the homicidal pederast have stepped up.

The unthinkable has also begun happening. The international press is identifying American politician Lyndon La-

Rouche as Kissinger's main opponent. This reality is something the Venetian-London crowd never wanted to get out.

On Nov. 14, the major news media of Venezuela ran banner-headline stories stating that the recent Moro trial testimony in Rome implicating Kissinger in the murder of Moro "confirmed the charges of Lyndon LaRouche that Henry Kissinger was the intellectual author" of the murder of Moro. The popular daily *El Mundo* covered the Kissinger story on their criminal page—next to photos of scurrilous common criminals!

Not surprisingly, the international press began to smell blood. The leading Italian daily *Il Giorno* ran a Nov. 14 story revealing the shocking news that Yuri Andropov, former KGB chief and now General-Secretary of the Soviet Communist Party, has a secret file on Kissinger's "nocturnal sexual escapades" that could be brought out at any moment to "blackmail" Fat Henry. The article then reported that Andropov maintains an international school of "homosexuals and prostitutes" who collect files and dossiers from famous people.

Kissinger-watchers will draw the appropriate conclusions.

### **Kissinger vs. LaRouche in the press**

By Nov. 16, Kissinger's state of clinical paranoia about the wave of revelations was reaching the public eye. Italy's *La Repubblica* newspaper, in a story datelined New York, quoted Kissinger calling the testimony of Corrado Guerzoni, an associate of Moro, against him in the Moro trial "an atrocious and repugnant lie." The article continued: "In circles close to Kissinger, it is maintained that Guerzoni's 'lie' could have originated with a campaign against the ex-Secretary of State, orchestrated for some time by an American political group, the so-called Labor Party of Lyndon LaRouche, who accuse Kissinger of being at the center of many 'international conspiracies', not excluding the kidnapping of Moro."

Kissinger was now attributing to LaRouche the power to float a witness against him in an Italian court! The battle had been joined in a way the London-Venice crowd never wanted!

The Kissinger-LaRouche fight became a hot story in all the Italian press by Nov. 17. The most forthright account was in *Il Giorno*, which reported that "according to the magazine *Executive Intelligence Review* [founded by LaRouche], published in New York and linked to the Partito Operaio Europeo, Kissinger is involved in a sordid gang involving a 'homosexual international' that is a sort of 'gay' brotherhood. Neither Kissinger, nor the British Secret Services, nor the KGB are strangers to this."

*Il Giorno* reported that the POE's brief on Kissinger's responsibility for the murder of Moro was being studied by an Italian magistrate in Rome. With that, the "homintern" issue was out of the bag.

Yet more worrisome for Kissinger is that the story of his crimes is being reported in places where the fat homosexual thought he had a full black-out.

In the United States, the widely-listened-to radio station

KPFK in California ran a midweek item reporting the evidence surfacing in Italy that Kissinger, while U.S. Secretary of State, "made cruel and brutal remarks which made Moro physically ill."

In Israel, the 40,000 circulation anti-crime monthly *Meir* hit the newstands on Nov. 19 with a bombshell story quoting from *EIR* about Kissinger's responsibility for the targeting of Moro. More revelations about Kissinger are likely to appear in Israel in the next days.

### **"Who are you going to murder next?"**

Kissinger's appearances at events in New York and Washington have become the subject of intense controversy. On Nov. 16, Kissinger appeared at the podium at the World Council of Churches' so-called Family of Man Awards. The 1,000-person audience was thrown into an uproar by an impromptu speech documenting Kissinger's murderous activities and homosexual exploits, delivered by the noted New York politician Fernando Oliver, a leader of the National Democratic Policy Committee (NDPC), the mass-based political action committee founded and headed by LaRouche.

Following this, an NDPC spokesman took Kissinger aside and asked him confidentially, "these stories on the murder of Aldo Moro are a terrible way to end a career, aren't they?" A second NDPC representative called out to Fat Henry, who turned around smiling. She demanded, "you murdered Moro, you murdered Bhutto [former leader of Pakistan]. Who are you going to murder next?"

Two days later, Kissinger was due to speak at a conference of the American Jewish Congress in New York. With passersby in the street outside fascinated by a giant sign reading, "LaRouche says: Kissinger is a faggot," and with much anti-Kissinger sentiment being expressed by New Yorkers, Kissinger decided to show up three hours later than expected.

One day later, in Washington, D.C., a planned secret meeting of bankers at Georgetown University was greeted by a boisterous anti-Kissinger demonstration. One passer-by, a doctor, exclaimed: "If I call Kissinger a faggot, will his wife strangle me?" The attendees at the Georgetown meeting were highly embarrassed to be in the same room with Fat Henry.

### **German press haven't gotten the word**

There are still some uninformed people who haven't grasped the lesson of the demise of Kissinger.

Documenting that the West German press is every bit as bad as the American press, the Munich-based *Sueddeutsche Zeitung* Nov. 12 ran a story from Rome claiming that the stories about Kissinger at the Moro trial were "nonsensical".

Really nonsensical was the U.S. Secretary of State George Shultz. When asked recently whether he had reevaluated his chummy relations with the proven-murderer Kissinger, Shultz mumbled at a State Department briefing: "Dr. Kissinger is a man of tremendous capability and proven intellect. I am privileged to call him a friend."
