

Lafayette, and of John Quincy Adams, as the rule of law throughout the Americas. Economic justice for peoples, under those principles of the sovereign republic elaborated by Dante and Cusa, must be the law throughout our hemisphere, and our hemisphere must be a bastion of the fight for this principle throughout the world as a whole.

Wherever leading forces of a nation, such as Mexico, Argentina, Venezuela, Colombia, Panama, Ecuador, Peru, Brazil, or Bolivia, fight patriotically for these principles, those forces are axiomatically my brothers- and sisters-in-arms.

Second, it is not accidental that the dedications of the patriots of Venezuela, Colombia, and other nations should coincide with my own on such issues as the Soviet-Bulgaria-Cuba-linked narcotics traffic, or our opposition to the dark forces of such feudalistic cults as Tradition, Family, and Property. It is true that only a relative handful among us

I wish that the government of Venezuela, for example, knew at least as much as I have been privileged to know concerning the deeper connections, but clearly that government can recognize the menacing evil of the narcotics traffickers without yet knowing more fully such deeper connections.

throughout the world today understand the deeper meaning and massively important practical connections of Gnosticism and Sufism, but it is not indispensable to understand Gnosticism theologically to recognize that the Anti-Defamation League's connections to Bulgaria and Cuba through Robert Vesco and Carlos Lehder make ADL leader Kenneth Bialkin and other Meyer Lansky connections the enemy of humanity. I wish that the government of Venezuela, for example, knew at least as much as I have been privileged to know concerning the deeper connections, but clearly that government can recognize the menacing evil of the narcotics traffickers without yet knowing more fully such deeper connections.

Wherever a republic of the hemisphere, including Venezuela, fights to defend its sovereignty, to fight against the Gnostics and narcotics traffickers, and to work for economic justice for its people, I am fighting by its side, and I think I shall continue to fight efficiently for that cause even long after I am dead.

Long live the sovereign republic of Venezuela!
