

LaRouche on Ukraine Crisis: Fire Nazi-Lover Nuland

Feb. 14—With her neo-Nazi killers openly vowing to destroy the Minsk agreement, President Obama's Assistant Secretary of State for European and Eurasian Affairs, Victoria Nuland, now stands as one of the main provocateurs of a pending global war that could rapidly lead to a thermonuclear war of extinction. If there is to be a genuine effort to implement the ceasefire hammered out in 17 hours of intense negotiations in Minsk, Nuland must be immediately fired, and her neo-Nazi death squads in Ukraine shut down.

Lyndon LaRouche today demanded Nuland's immediate firing, and called for a full public exposé of her ties to the latter-day Banderist killers who were behind the Maidan coup and are the major on-the-ground force pressing for a strategic military confrontation with Russia.

"She has shown by her actions that she is a Nazi-loving killer. She is the backer of the neo-Nazis in Ukraine who openly boast that they refuse to accept the ceasefire agreement reached by the Normandy Four, and will continue to carry out their butchery in eastern Ukraine. These same Banderists came to Washington late last year and peddled fraudulent photographs, claiming to show that Russia had invaded eastern Ukraine. The photo-

graphs were later exposed as fake. That fakery could contribute to the starting of world war," LaRouche concluded.

Nuland has a long and notorious career in Washington, particularly during the last two administrations. During the Bush '43 term, Nuland was a foreign policy advisor to Vice President Dick Cheney, and then U.S. Ambassador to NATO.

Obama named her to the key post of top American diplomat for Europe and Eurasia, from which she personally promoted the Banderist coup in Ukraine between November 2013 and February 2014. She was earlier deeply involved in the lying coverup of the al-Qaeda networks that carried out the deadly Sept. 11, 2012 attacks on U.S. diplomatic outposts in Benghazi, Libya.

Nuland, who is married to neo-con ideologue Robert Kagan, openly boasted in December 2013, that successive U.S. administrations had poured \$5 billion into the color revolutions in Ukraine. She has also repeatedly lied about her role in promoting Banderist neo-Nazi forces in Ukraine, when questioned by Members of Congress and the media.

LaRouche concluded: "Now that Nuland's Nazis have vowed to break the agreement that could represent the last genuine opportunity to halt the drive for war with Russia, there is only one sane option—fire Nuland and thoroughly expose and shut down her Nazi terrorists. Only by removing her from her position as one of Obama's key agents promoting world war, can the drive for war be halted at this late date."
