LAROUCHE PAC STATEMENT

Robert Mueller and His ilk Are About to Commit a Massive Crime! Will You Let Them Get Away with It?

by Barbara Boyd

Nov. 16—The news this morning is all about the pending indictment of Julian Assange, the founder of WikiLeaks, by the United States Department of Justice (DOJ). Wittingly or unwittingly, the Justice Department revealed the existence of a sealed indictment of Assange in a pleading it filed in a related case in the Eastern District of Virginia. According to the DOJ, the pleading in which Assange's indictment was revealed, is a mistake.

While others will talk about the horrendous Constitutional implications of an indictment for publishing truthful information—to wit, the 2016 emails of Hillary Clinton, the Democratic National Committee (DNC), and John Podesta—this threatened prosecution of Assange is truly catastrophic to the very survival of the First Amendment. Let us look at the larger context.

By indicting Assange, the United States seeks to shut him up about the biggest intelligence fraud yet conducted in human history: the fraudulent claim that the Russians hacked the DNC and Podesta, and handed Donald Trump the Presidency. As the Veteran Intelligence Professionals for Sanity have repeatedly demonstrated, “the evidence” that such a hack occurred, as recounted by Special Counsel Robert Mueller in his indictments of several Russian GRU officers, is extremely dubious at best, and more than likely entirely

fabricated. The likelihood is that the Clinton and Podesta emails were leaked to WikiLeaks, and that Julian Assange and former British Ambassador Craig Murray know the name or names of the leakers, as they have said, publicly. The leakers were not Russian state actors.

Moreover, the people pushing for Assange's prosecution are the actual criminals—John Brennan, James Comey, James Clapper. Not only did they fabricate evidence against a major party Presidential candidate, and then seek to subvert his Presidency, but just this week, it was revealed that Brennan and Clapper collaborated to spy on Congress and their own agencies. They were seeking to isolate and destroy any dissent from their so-called “intelligence” briefings and assessments, often simply cribbed from what they were told to do by MI6.

Earlier, in 2017, Assange's lawyers were in conversations with honest DOJ officials over a deal which would have revealed the names of the leakers and the security vulnerabilities which led to Assange receiving not just the Clinton/Podesta/DNC email trove but also the CIA and John Brennan's own Marble Framework (Vault 7) hacking program—the one which allows the CIA to hack and intercept communications of foreign states and attribute that activity to a nation other than the United States.

That deal was shut down by James Comey, John Brennan, Senator Mark Warner and others who saw the entire Russia hoax evaporating and their own criminal culpability for precipitating an unlawful coup against an American President rising like a phoenix from the ashes. That is without reference to the monstrous crime against the human race, by Comey, Brennan, Clapper, Obama et al., in bringing tensions between the two nuclear superpowers, the United States and Russia, to the boiling point. This all was done on behalf of a British Empire, which views Donald Trump and his campaign for rational relationships among nation states—as opposed to submission to a globalist order—as a mortal threat to its existence.

Act Now to Stop This Crime!

The Assange indictment is just part of Robert Mueller's scheme to fabricate evidence concerning the Clinton/Podesta email saga. He has otherwise pounded long-time Trump friend Roger Stone and Info Wars' Jerome Corsi with the claim that somehow they were the link between WikiLeaks, Russia, and the Trump campaign. Mueller has threatened them with a bevy of process crimes—including making false statements and obstruction—unless they collaborate with him in

supporting an outright lie. As the President tweeted on November 15th:

The inner workings of the Mueller investigation are a total mess. They have found no collusion and have gone absolutely nuts. They are screaming and shouting at people, horribly threatening them to come up with the answers they want.

Mueller is no stranger to the art of the Washington coverup. Former Senator Bob Graham and many others have documented his role in covering up the Saudi involvement in 9/11 and obstructing the Congressional investigation of the murder of nearly 3,000 Americans. The question is whether we allow him to continue. It's time to end the Mueller investigation and declassify all the documents pertaining to the British-directed intelligence operations against Donald Trump, run through the Obama White House, and commencing no later than the Spring of 2016. In that context, Julian Assange should be pardoned and immunized in order to tell us what he knows about this devil's plot right now. This Republic will not endure if the coup is allowed to continue.
